If you have a **high volume of repeating washing tests** or specific durability tests, Durawash is the perfect choice.

Durawash conforms to many high street and brand test methods and procedures.

Independent hydro-extractor sold separately

FORM

Constructed from high grade stainless steel for long life, the Durawash incorporates a number of safety and other features:

- Lid interlock and latch
- Water level protection to disable heating when low level or empty
- Stainless steel bearing housing
- Stainless steel impellor

FUNCTION

Durawash includes the new Roaches touch screen interface. This intuitive technology ensures minimal training for technicians and highly accurate process control. Simple programming for new test methods.

Programming options are simple and easy to input, these are pictorial so there is no need for multiple language settings.

- System control and temperature calibration accuracy better than $\pm 1^{\circ}\text{C}$
- Automatic fill function
- Temperature control with a $\pm 0.25^{\circ}\text{C}$ accuracy

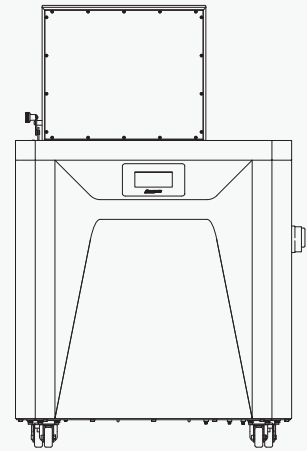

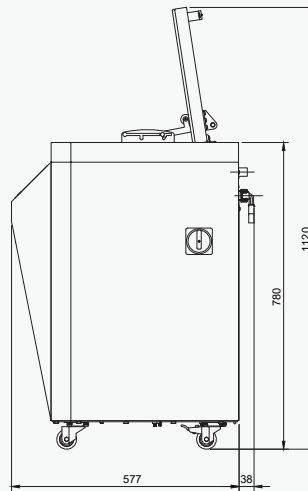

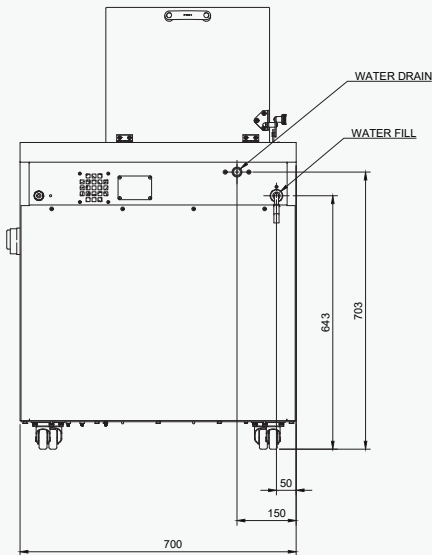

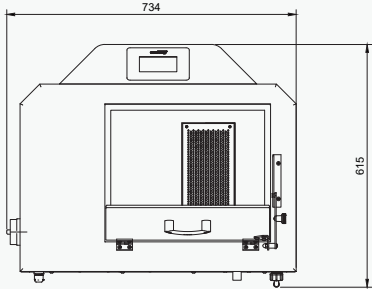

Durawash can produce washing effects **from a single** cycle that are comparable to multiple domestic washes. **Massive savings can be generated** from test time to water and other utilities.
