

◆ STRIP CUTTER

Strip Cutter for film and paper

The film-/paper Strip Cutter is developed to cut over for instance DIN A 4 large film or paper sheets up to 12 pieces parallel strips in one processing step. These strips can be used for further tests (e. g. tensile strength, tension, elastic modulus, etc.) according to international standards.

Features / Equipment:

- Two-way cutting
- Adjustable connecting strip
- Adjustment over curved surface ensures a clamping free from creases
- Cutting movement over lever guidance
- Cutting angle adjustable
- Easy and save knife exchange
- Knife changing device included

Technical data:

	StripCutter	StripCutter	StripCutter	StripCutter
Article Number	2800.000	2810.000	2860.000	2870.000
Dimensions				
Cutting length [mm]	230	230	230	230
Cutting width ¹⁾ [mm]	15	10	10/15/25	25.4/12.7
Number strips	10	12	3/3/3	7/2
Width [mm]	420	420	420	420
Height [mm]	340	340	340	340
Depth [mm]	290	290	290	290
Weight [kg]	29	29	29	29
